HOW IT WORKS

Your ice sculpture includes a display tray and a bucket for excess water.

Clients are required to provide a table strong enough to support the weight of the ice.

PRICING:

Prices may vary for custom ice sculptures. Your quote will include up to 3 preliminary designs and any applicable fees for equipment, set up or delivery.

DELIVERY:

For orders of \$450 or more, delivery is included. For orders under \$450, a delivery fee will be added, starting at \$45 for orders within in our service area.

BREAKDOWN:

In most cases, breakdowns can be handled by event staff, but we can provide this service for \$300 per sculpture or \$500 for ice bars.
